České křišťálové lustry

VÁŽENÍ OBCHODNÍ PŘÁTELÉ,

Dovolte nám seznámit Vás s novou kolekcí našich svítidel, určenou nejen pro rok 2010. Naleznete v ní nové lustry netradiční koncepce (kombinace nerezových lanek s celobroušenými ověsy různých tvarů), dále jsme rozšířili řadu velkorozměrových svítidel o nové modely, u lustrů se skleněnými rameny také naleznete nová svítidla, která vycházejí z tradičních nejprodávanějších modelů a konečně na konci katalogu představujeme zcela novou řadu svítidel MARIA TEREZIA. Cítili jsme zkrátka potřebu nabídnout Vám ucelený nový sortiment, který bude hlavně odrážet ekonomickou situaci současné doby. Jednoduše řečeno nabídnout česká křišťálová svítidla nejvyšší kvality za rozumnou cenu.

Jako v loňském roce můžete všechny nabízené modely objednat v různém provedení ověsů. Bližší informace naleznete v katalogu na stránce 3. Všechny nové modely jakož i nové informace o naší firmě naleznete též na našich webových stránkách www.artglassweb.cz Vážení obchodní partneři, věříme, že Vás naše nová kolekce oslovila, že budete nejen Vy, ale hlavně Vaši zákazníci s naším produktem spokojeni a že nám všem přinese více radosti do nového, trochu nejistého období.

ARTGLASS s.r.o.

DEAR BUSINESS PARTNERS,

It is our pleasure to present our new collection of lights designed not only for the year 2010. Leaving the traditional concepts behind, in this collection you will find new types of chandeliers: the brand new design combines stainless steel ropes with all-ground bedecked lights, offering a variety of shapes. Moreover, we have developed the series of large lights, introducing new models. In chandeliers with glass arms, you will find new types too: they follow the traditional design of best selling types. Finally, included in the catalogue is a new series of lights named MARIA TEREZIA. We wanted to offer you a complex assortment of products in order to reflect the present economic situation, in other words, to offer Czech crystal lights of best quality for reasonable price.

Similarly to the previous year, you can order any offered models in various versions of bedecked decorations. For more detailed information refer to the Catalogue, page 3. In addition, you can find the new models and new information about the company on the website www.artglassweb.cz It is our belief that our new collection has spoken to you and that you and your customers will be happy with our products, bringing more pleasure and light in the oncoming, still unsettled period.
