When only the very best will do

*I*t was my Great Grandfather, Arthur Price's dual passion for quality and cutlery that first led him to found the company in 1902. His profound belief in 'supplying only the very best' has been a guiding principle that has been passed down through my family for four generations.

Today, we remain equally committed to uncompromising quality; combining traditional skills with the latest manufacturing technology. Each piece of our sterling silver hollow handle cutlery is made to order in Sheffield; handcrafted to your exact specifications by professional silversmiths dedicated to achieving the highest standards imaginable.

I invite you to indulge in a beautiful collection that matches your fine sense of style and good taste. A lifetime of dining pleasure is assured."

A handwritten signature in blue ink, appearing to read 'Simon Price', with a large, stylized flourish extending to the left.

Simon Price

Chief Executive

A History of Excellence

Since 1902 Arthur Price of England has been synonymous with the highest quality craftsmanship and specialist expertise. Every piece we make is afforded the same levels of skill, technological innovation, styling and commitment to quality that have been the hallmark of our company for over 100 years.

W

ith over a century's experience we create cutlery that not only endures but also improves over time. Our hallmarked sterling silver pieces are handcrafted in England from 92.5% pure silver, allowing you to enjoy the benefit of silver's exceptional qualities; its unique radiance and warmth, ageing gracefully over time.

This superb collection is characterised by dramatic, opulent designs. Our stunning silver handles are made in two parts so every piece is beautifully balanced with a substantial yet perfectly weighted handle – providing a divine dining experience.

In addition to our commitment to first-class design, our unparalleled skills and renowned expertise set us apart. To make our cutlery more durable our head pieces are hot-forged from 18/10 stainless steel. Whole pieces created from soft silver would deform over time when used repeatedly against hard porcelain surfaces.

Choosing Arthur Price of England provides a wonderful opportunity to uniquely personalise your selected cutlery set with bespoke engraving or gold plating. It is this attention to detail, knowledge and craftsmanship that continues to make Arthur Price of England a name you can trust.

The Arthur Price of England Unconditional Guarantee

So confident are we in the quality of our Arthur Price of England cutlery that we offer a lifetime unconditional guarantee on every single item. In the unlikely event of something going wrong with the quality of the workmanship or materials, we promise to repair or replace it absolutely free of charge.
