*La Bellezza è l'unica cosa
contro cui la forza del tempo è vana.*

Beauty is the only thing that the
strength of the time is in vain.

Красота- это единственная сила,
которая неподвластна времени.

“Bellissimo!”

La bellezza sta negli occhi di chi guarda, si dice. Eppure, nel caso delle porcellane Cattin c’è qualcosa in più. Se ci si chiedesse che cosa c’è dietro le linee perfette e i colori intensi di un vaso o di una piccola scultura, la risposta sembra quasi banale: ci sono le mani e gli occhi del vasaio, che, sperimentando, nel tempo hanno imparato ad abbinare forme e colori ispirandosi alla storia, creando armonia e cogliendo il meglio di stili anche lontani. Una porcellana Cattin garantisce da più punti di vista: materiali, fattura, stile e confezione sono di altissimo livello, come la storia e la tradizione italiana impongono.

“Bellissimo!”

Beauty is in the eye of the beholder, they say. Yet, in the case of porcelain Cattin there is something more. If you ask what’s behind the perfect lines and rich colors of a vase or a small sculpture, the answer seems obvious: there are the hands and the eyes of the potter, who, experiencing, over time have learned to match shapes and colors inspired by the story, creating harmony and taking the best of styles too far. A porcelain Cattin is a guarantee for many aspects: materials, workmanship, style and packaging are excellent, as the history and tradition of Italian require.

Красота!

Говорят, что у каждого свой личный взгляд на прекрасное. Однако, в случае фарфора Cattin есть нечто большее. Если спросить, что стоит за безупречностью насыщенных цветов вазы или маленькой скульптуры, ответ может оказаться очень банальным: руки и глаза гончара, который, получая опыт, со временем, научился сочетать формы и цвета, вдохновлённый историей, создаёт гармонию, используя лучшее, даже из самых древних стилей. Фарфор Cattin гарантирован из многих точек зрения: материалы, качество изготовления, стиль и упаковка высшего качества, как этого требуют история и итальянские традиции.

Italia: raffinatezza ed eleganza
Italy: refinement and elegance
Италия: Изысканность и Элегантность

Chi, dal mondo, guarda all’Italia che lavora, spesso vede buon gusto, amore per la bellezza, capacità di coniugare buona fattura ed armonia. Ed è la storia a raccontarlo: se nel tempo, infatti, la porcellana è stata prodotta in tutta Europa, in Italia – storicamente grazie alla scuola napoletana di Capodimonte – ha raggiunto livelli di eccellenza ancora insuperati.

Everyone who looks at Italy that works, often sees good taste, love of beauty, ability to combine good workmanship and harmony.
Is the story that it tells: if in time, the porcelain has been produced throughout Europe, in Italy - historically thanks to the Neapolitan school of Capodimonte - has reached levels of excellence still unsurpassed.

Кто следит за тем, как работает Италия, часто замечает хороший вкус, любовь к красоте, умение сочетать хорошее качество изготовления и гармонию. Это может доказать история: даже если фарфор производился во всей Европе, но только в Италии, благодаря исторической неаполитанской школе Capodimonte, смог достичь превосходного непревзойдённого
